

LEARN FORWARD

Continuing Education, Certificate and Degree-related programs, and Community Initiatives for Professional and Personal Growth.

extension.ucsd.edu

The mission of UC San Diego Extension is to serve the critical lifelong learning and skill development needs of individuals, organizations and the community. We do this through continuing education, certificate and degree-related programs; community initiatives that support economic and social development; and a wide array of public-service lectures, forums and special events delivered both on and off campus and through print, internet, radio and television.

OUR CONNECTION WITH UC SAN DIEGO

As the continuing education and public programs arm of the university, UC San Diego Extension educates over 20,000 enrollees a year across 4,000+ courses.

We provide a platform to share the university's research and knowledge through our practical educational programs.

COLLABORATING WITH THE SAN DIEGO COMMUNITY

We believe social and economic prosperity comes from fusing the collective knowledge of academic, community and industry leaders.

With quality of life essential to a thriving region, our programs are designed to contribute to San Diego's civic and cultural dialogue.

PARTNERING WITH INDUSTRY INNOVATORS

We work with business leaders to determine the most in-demand skills, global economic trends and workplace expectations. Using this research as a guiding principle, we integrate this knowledge into our coursework so our students can thrive and succeed.
